## CHEQUE COLLECTION POLICY

### Background

Reserve Bank of India, vide its circular DBOD.No. Leg. BC.55/09.07.005/2004-05 dated November 1, 2004, advised the Banks to formulate a comprehensive and transparent policy for cheque collection, covering all relevant aspects of collection process. It was further advised that the Cheque Collection Policy (CCP) should clearly provide for liability of the Bank by way of payments of interest when there is a delay in collection of cheques as against the standards set by the Banks themselves. Technological Developments such as Electronic Clearing Service, Speed Clearing, Cheque Truncation System, etc., have brought in speed and efficiency in the clearing process and therefore a comprehensive CCP needs to be made available for the benefit of the customer and also to appropriately sensitize the dealing officials of the Bank. Further reference is also invited to RBI's Master Circular on Customer Service in Bank's date July 01, 2014.

This policy is a sequel to the said instructions.

1.5 The Bank understands that one of the important requirements for customer delight is to have ethical and transparent policy in all its dealings.

1.6 Collection of cheques, and other payment instruments like Demand Drafts, Pay Orders, Dividend Warrants, Interest Warrants etc., (Cheques) for customers is an important service provided by the Bank. Collection of cheques is governed by Negotiable Instruments Act, 1881 and 'The Payment and Settlement Systems Act, 2007'. Various modes of collection include Local collection, Outstation Collection, and Collection of Foreign Cheques.

1.7 Reserve Bank of India (RBI), has instructed all Banks to put in a Board approved policy on Cheque Collection.

1.8 Indian Bank's Association has also provided an updated Model Policy for Collection of cheques / Instruments (last updated till July 2018), for adoption by Banks and framing Bank's own policy.

1.9 Towards this end, the Bank has formulated a 'Cheque Collection Policy (CCP)' that gives the rights and responsibilities of the Customer and Bank, in matters relating to cheque collection.

1.10 The Policy has been made to ensure that the dealing officials at all levels in the Bank are aware of the policy of the Bank in this regard, so that the interactions with the Customer is uniform across geography and all types of customers and is based on transparent standards/procedures.

## **2. Objectives of the Policy**

2.1 To lay down a Policy framework for abiding by RBI guidelines on 'Cheque Collection' and our technological capabilities, systems and processes for adherence to such norms.

2.2 To enable the customer to know before, during and while terminating the relationship, his rights and responsibilities in matters relating to 'Cheque Collection'.

2.3 To reiterate existing system / put in place an appropriate system in a transparent manner so that the customer can take an informed decision in matters relating to cheque collection.

2.4 To reiterate Bank's commitment for increased use of technology to provide quick collection services to its customers.

## **3. Scope of the Policy**

3.1 This policy is applicable across all branches / business segments of the Bank, and is to be read in conjunction with related operational guidelines issued from time to time.

3.2 The contents of the policy shall always be read in tandem/auto-corrected with the changes/modifications that may be advised by RBI and / or by any regulator and / or by the Bank from time to time.

#### 4. Explanation of various terms used in the Policy

4.1 **Customer:** For the purpose of CCP, customer is defined as a person or entity that maintains an operative account (Savings, Current, Overdraft etc.) or loan/advance account with the Bank. A person who maintains only a Term Deposit Account with the Bank will be considered as a customer for the limited purpose of dealing with the Initial cheque tendered for opening the Term Deposit.

4.2 **Outward Clearing - Local Clearing:** Collection of cheques that are deposited by the customer of the Bank for realization from the drawee Banks, on behalf of the former. These cheques are drawn by the customer of other Banks and are presented by the Bank, to the Drawee Bank concerned through the Bankers' Clearing House. These cheques will be collected by the Bank, subject to the compliance of the rules and the guidelines issued by Reserve Bank of India (RBI) on Collection of Cheques. The Bank, while handling outward clearing cheques, acts as a Collecting Bank.

4.3 **Outward Clearing Returns:** Cheques received by the Bank for collection as mentioned in Para 4.2 above but dishonoured by the drawee Bank for various reasons.

4.4 **Cheque Truncation System (CTS):** CTS is the facility devised for faster processing of cheques by doing away with the requirement of physical movement of the instruments to the drawee Bank. The system uses the technology of scanning the cheques and passing on the images of the cheques for clearing. The system is operational in the form of one 'Clearing Grid' covering the entire country, with the nodal operational centers at Delhi, Mumbai and Chennai.

4.5 **Inland Outstation Cheques for Collection (IOCC):** Collection of Cheques drawn and payable at up-country centers in India (not covered by CTS, local & speed clearing) is referred to as 'Inland Outstation Cheques for Collection'. Processing of IOCC would mean sending the cheque to the drawee Bank location physically and getting the realization of funds by means of DD / NEFT / RTGS and crediting the proceeds to the customer's (payee's) account.

4.6 **Cheque Drop Box:** A facility provided to customers to deposit the cheques at the specified boxes provided by the Bank at premises of the Branch and Onsite and Offsite ATMs.

4.7 **Cheque Deposit Kiosks (CDK):** These are machines installed at e-Lounges, branches and/or other locations through which instruments, payable to any account holder of IDBI Bank can be deposited by any person, without using an ATM/Debit Card of the payee/account holder concerned. The CDK machines have facility for scanning instruments and generate images required for CTS clearing, thus reducing processing time required for collection.

4.8 **Cheque:** The term 'Cheque' includes all payment instruments such as demand drafts, personal cheques, banker's cheques, cashier's cheques, traveler's cheques, Interest/Dividend warrants etc., unless otherwise the situation warrants a specific reference.

4.9 **Nostro Account:** For the purpose of CCP, a 'Nostro Account' is an account denominated in a foreign currency opened by IDBI Bank with the respective country of the currency.

## **5. Standardization and Enhancement of Security Features in Cheque Forms: CTS-2010 Standards:**

5.1 RBI has prescribed certain benchmark towards achieving standardization of cheque forms issued by various Banks across the country, which insists provision of some mandatory security features and also some desirable / additional features on the cheque forms. The prescription includes quality of paper, watermark, Bank's logo in invisible ink, void pantograph, etc. and standardization of field placements on cheque forms. These security features would not only ensure uniformity across all cheque forms issued by the Banks in the country, but also help presenting Banks to ensure genuineness of the instruments while scrutinizing /recognizing cheques of drawee Banks in an image-based processing scenario. The homogeneity in security features is expected to act as a deterrent against cheque frauds, while standardization of field placements on cheque forms also enables straight-through-processing by use of optical/image character recognition technology. The benchmark prescriptions are known as "CTS-2010 standard". As advised by the RBI, all Banks have adopted CTS- 2010 standard in cheque forms. Bank has adopted CTS-2010 standard in all cheques as per specification prescribed by the RBI since August 01, 2011.

5.2 CTS Grid Centres are now conducting clearing only for CTS compliant instruments. Non-CTS clearing session has been discontinued wef December 31, 2018. If Non-CTS cheques are deposited by customer, such cheques shall be collected as per the outstation cheque collection process.

#### **6. Arrangement for Local Cheque Collection through Clearing:**

6.1 All cheques payable locally would be presented through the clearing system prevailing at the center. Cheques deposited at branches, CDKs and in drop boxes within the specified cut-off time will be taken up for clearing on the same day. Cheques deposited after the cut-off time in branches, CDKs and drop boxes will be presented in the next clearing cycle. Such cheques, if presented in the branch, shall be acknowledged with the legend 'too late for today's clearing'. As a policy, Bank would give shadow credit to the customer account on the respective 'Clearing Settlement Dates' at that centre. Withdrawal of amounts so credited would be permitted after the settlement of outward clearing returns as specified by the clearing house of the location.

6.2 All the branches will display the cut-off time for receipt of cheques. The cut-off time for collection of cheque from CDK / drop boxes installed at off-site ATM will be displayed on the drop box / CDK.

#### **7. Arrangement for Local Cheque Collection through Clearing in centres where clearing house is not available**

7.1 Branches situated at centres which are not members of any CTS Grid or where no clearing house exists, would present local cheques on drawee Banks across the counter and it would be the Bank's endeavor to credit the proceeds at the earliest but not later than 3<sup>rd</sup> working day from the date of deposit by customer.

#### **8. Arrangement for Local Cheque Collection through Speed Clearing**

8.1 Reserve Bank of India started a special clearing called "Speed Clearing" by leveraging the core-banking-solutions (CBS) implemented in banks. It basically refers to collection of outstation cheques drawn on outstation core-banking-enabled branches through local clearing. Under "Speed Clearing" system, cheques payable

at any CBS branches of any banks of any centres is realized through local clearing and not through outstation collection. "Speed Clearing" is currently available in centers specified by RBI. Speed Clearing has now been enabled for all type of accounts except those relating to government cheques. These cheques shall also be taken up for local clearing based on the same lines as mentioned in paragraph 6.1 above. The bank may levy charges for instruments of value above Rs 1 lakh, collected through speed clearing, wherever applicable as per guidelines issued by RBI from time to time.

#### **9. Arrangement for Inland Outstation Cheques for Collection (IOCC)**

9.1 Outstation cheques would be sent in local clearing, if the Drawee Bank on which the outstation cheque is drawn, is listed under speed clearing center. Only those cheques that cannot be presented through speed clearing locally and are 'payable on demand' and are drawn on a 'Bank' as defined in Banking Regulation Act – 1949 and licensed by Reserve Bank of India, will be handled as IOCC.

9.2 Outstation cheques drawn on centers where IDBI Bank has branches would be sent to IDBI Bank Branches only. As all branches of the Bank are connected through Core Banking Software (CBS), the Bank will provide next day credit to the customer (after clear credit indicating realization of the proceeds) in respect of outstation cheques drawn on location where Bank has a branch. Branch shall not decline to accept outstation cheques deposited by customers for collection.

9.3 If a cheque is drawn on a centre where the Bank does not have any branch, the said cheque would be sent for collection directly to the Drawee Bank or to a Correspondent Bank.

9.4 Where proceeds are received by means of demand drafts from other collecting Bank, the same would be processed in local clearing / IOCC and the depositor's account will be credited on realization of clear funds from the Drawee Bank.

9.5 On receipt of clear credit in the books of the Bank, the customer's account would be credited and charges of agency Bank and IDBI Bank will be recovered from the account of customer.

9.6 If the IOCC Cheques are returned unpaid by the paying branch / Bank, the original cheque and the Return Memo would be returned to the customer after recovering charges levied by the Drawee / Correspondent Bank and those due to IDBI Bank.

#### **10. Time frame for Collection of Outstation cheques / Instruments**

10.1 For cheques and other instruments sent for collection to centers within the country the following time norms shall be applied:

- (a) Cheques payable at CTS centers: Maximum period of 7 days.
- (b) Non CTS centres: Maximum period of 10 days.

(c) Cheques drawn on foreign countries: Such instruments are accepted for collection on the 'best of efforts' basis. The bank is committed to ensuring that instruments drawn in foreign currencies and payable outside India are collected in the quickest and most efficient manner. Towards this the Bank may enter into specific collection arrangements with its correspondent banks in those countries for speedy collection of such instrument(s). Bank would give credit to the party upon realization credit of proceeds into the bank's NOSTRO Account with the correspondent bank after taking into account cooling periods as applicable to the countries concerned.

10.2 Country/location specific times norms wherever stipulated will be specified for foreign currency instruments and made known to the customers at the point in time of while accepting instruments for collection.

#### **11. Payment of Interest for delayed Collection of Local / Outstation Cheques**

11.1 As a part of compensation policy of the Bank, the Bank shall pay interest on the value of cheque without waiting for any demand from the customer, if there is a delay in crediting funds to the depositor's account beyond the time period mentioned above. There shall be no distinction between instruments drawn on the Bank's own branches or on other banks for the purpose of payment of interest on delayed collection. Interest for delayed collection shall be paid at the following rates:

- (a) Saving Bank Rate for the period of delay beyond 3 working days in case of local cheques.
- (b) Savings Bank rate for the period of delay beyond 7 days in collection of outstation cheques payable at CTS Centres and 10 days in non CTS Centres.
- (c) Where the delay is beyond 14 days interest will be paid at the rate applicable to term deposit for the respective period.

For extraordinary delays, interest will be paid at the rate of 2% above the rate applicable to the loan account.

11.2 As per the Bank's Code for Commitment to Customers, 2018, monitored by BCSBI, Bank shall make payment of the said compensation to the customers, in case of delay in realization of outstation cheques, beyond the prescribed period, without any demand from the customer and through computer automated process. However, due to system limitations, compensation / interest would be paid to CC / OD / Loan accounts for delayed realization through manual intervention.

## **12. Payment of Interest for delayed Collection of Cheques Payable outside India**

12.1 Bank takes adequate care for prompt and expeditious despatch and realization of all clean instruments. 19.2 The Bank will take all steps to send outward cheques in the immediate next clearing / collection (subject to conditions mentioned as above) through the process which enables quick realization of funds in the most cost-effective manner.

19.3 In case of outward cheque return, an advice will be prepared by the Bank wherein the reason for return of the cheque will be indicated. The advice along with the dishonored cheque will be sent to the customer by registered post/local delivery / across counter. The Bank shall return/ dispatch the dishonored cheques to the customer at his / her last recorded address available with the branch.

19.4 Since all branches are networked in CBS platform, cheques drawn on Bank's own branches at outstation centers will be collected locally as a transfer cheque. If a cheque presented to the Bank for settlement of transaction by way of transfer between two accounts within Bank is returned, the same shall be returned to the payee within one working day by observing the above process.

19.5 For the purpose of adducing evidence to prove the fact of dishonor of cheque on behalf of a complainant (i.e. payee/holder of a dishonored cheque) in any proceeding relating to dishonored cheque before a court, consumer forum or any other competent authority, Bank shall extend full co-operation and shall furnish them documentary proof of the fact of dishonor of cheques.

19.6 As per the extant RBI directives, Banks shall not levy any outward cheque return charge to the customer, if such cheque is returned for no fault of the customer. The list of objections for return of Instruments and Image based Cheque Clearing, as detailed in Uniform Regulations and Rules for Bankers' Clearing House, has been placed as **Annexure-III** of this policy. Cheque return charges shall, however, be levied only in cases where the customer is at fault and is responsible for such returns. RBI has provided an illustrative list of reasons for return placed at **Annexure IV** of this policy (circular 2012-13 / 493 DPSS.CO.CHD.No.2030/03.06.01/2012-2013 dated May 07, 2013), where the customers are not at fault and should not be charged.

19.7 Cheques that need to be presented again without any reference to the payee, shall be presented again in the immediate next clearing cycle not later than 24 hours (excluding holidays), with due notification to the customers of such action through SMS alert, email etc.

## **20. Responsibility of the Customer**
